

Notes from Life Church Reopening

- Followed all guidelines asked by our local government officials.
- Rolled out the RSVP tool via our church to manage the services and make sure people are not turned away.
- Ran services at 30% capacity of auditorium
- Plan to “over sell” tickets accounting for potential no shows.
- Ended up having a 35-40% no show rate, so increasing available tickets per service.
- Campuses allowed to trim back service times on the weekend, scaling back up as needed.
- Children’s Ministry is closed until there are no guidelines for masks, gloves, etc. (Don’t want kids ministry to feel like a hospital)
- Running team rotations to avoid the issue of an entire team to be quarantined, Next week may be all hands on deck for staff.
- All staff & volunteers wearing face masks
- Anyone on stage does not require a mask
